BREAK BULK TRANSPORTATION

01

One Tonner Trucks

GAVIC EXPRESS offers break bulk transport for large companies, this requires a unique set of skills and the commitment to see through the complex transportation needs. With many years of experience in break bulk courier to courier services, we understand the logistics involved in transporting break bulk goods.

ECONOMY SERVICES

02

Vehicles in all Cities

GAVIC EXPRESS economy service is the most cost-effective courier option available to businesses. When speed is not the highest priority, we can deliver within 24 to 72 hours.

OVERNIGHT IN-CITY DELIVERY

03

Covers all Cities

GAVIC EXPRESS overnight in-city is a 24/7, fast courier service where goods are picked up from one location and delivered the following day, Monday to Friday. This service is currently only available in our main city centres. **GAVIC EXPRESS** requires notice, should you wish to use this service.

OUR FLEET OF COURIER VEHICLES

A vehicle for every purpose

GAVIC EXPRESS fleet includes a wide range of vehicles which can be deployed according to the nature, weight and size of your delivery requirements. All vehicles are provided with trained professional, uniformed drivers using both skill and technology to deliver your consignments safely and on time.

We offer bespoke solutions to logistical challenges. We work across multiple industries.
